https://thefactory.mcgilleus.ca
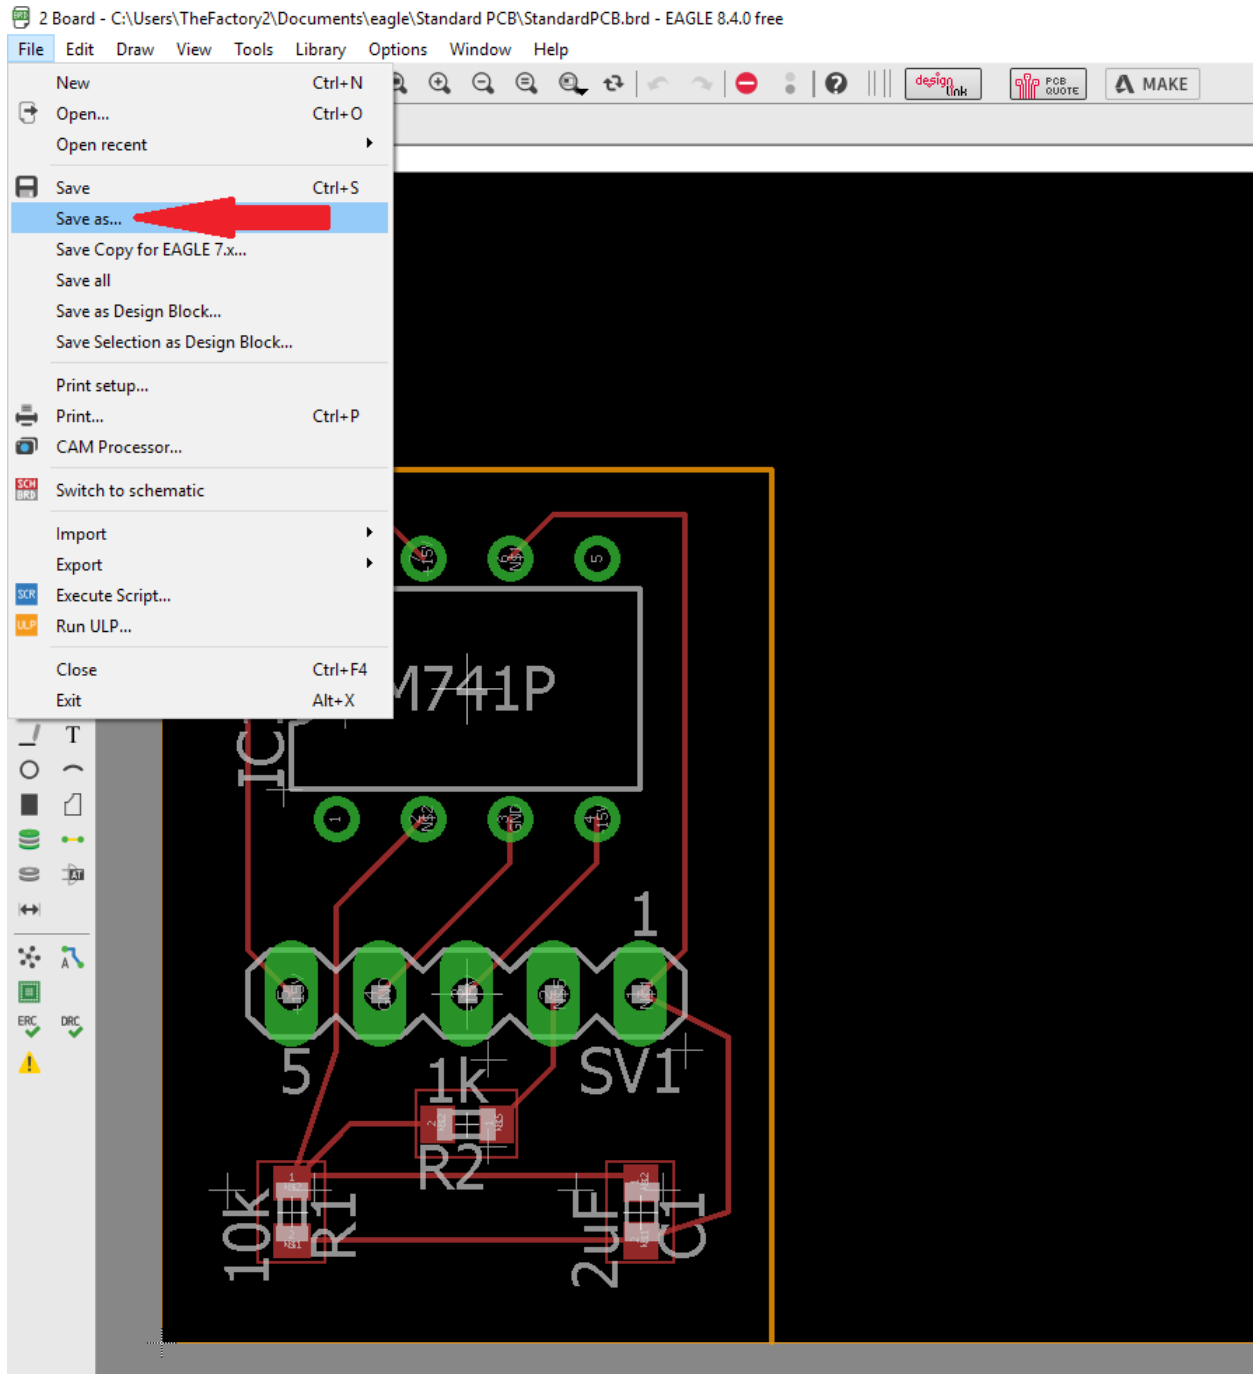

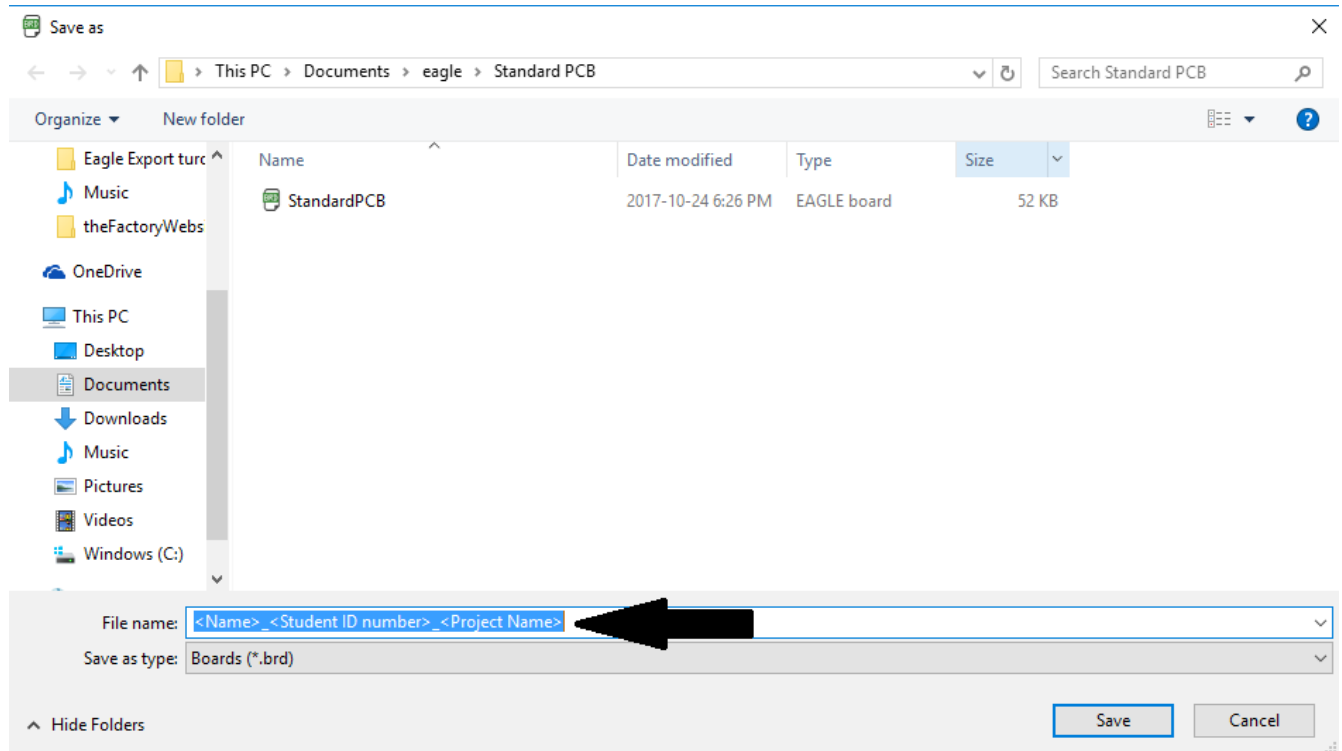

STEP 1:

Having selected your PCB project, click on the "File" tab on the upper left corner of the window and click on "Save as".

STEP 2:
A new window will pop-up and prompt you to enter a location and a name for the output file. Name the .brd file that will be generated in the following way:
<Name>_<Student ID number>_<Project Name>

STEP 3:
Send an e-mail to thefactory@mcgilleus.ca with Subject: PCB Request <Name> <Student ID number>. Don't forget to attach the generated BRD (.brd) file to your e-mail.
